Benefit Base

Automatically included with the base contract

The Benefit Base Interest Rate is banded based on initial premium:

- 7% simple interest during the Accumulation Years for premium up to \$100,000
- 8% simple interest during the Accumulation Years for premium greater than \$100,000

The Accumulation Period is 10 Years with the option to restart for another 10 years or until rider withdrawals begin, as long as the policyholder is under age 85. The rate may change on the second 10-year term. Charge is 0.95%, assessed annually on the Accumulated Value. At the end of the 10th Year, if income payments haven't begun, the total fee that exceeds the interest credits during that time period is credited back to the Accumulated Value. The annual fee is refunded if the cumulative fee is higher than cumulative interest credited. This insures that the client does not lose principal in their base contract if they keep funds to surrender rather than trigger rider income.

Income "Doubler" that provides double the rider withdrawal amount if the customer is confined to a qualified care facility.¹

Benefit Base is available as a Death Benefit to beneficiaries, to be paid out over 5 years.²

¹ See the Contract for qualifying confinement criteria.

² The death benefit amount is capped at two times the initial premium amount plus the premium bonus.

<p>Beneficiary options</p>	<p>If spouse is sole primary beneficiary and elects to continue the annuity contract after death, benefits will also continue, if:</p> <ol style="list-style-type: none"> 1) Surviving spouse’s attained age on date of death is at least equal to minimum issue age requirement for this Rider; <p>and</p> <ol style="list-style-type: none"> 2) Spouse becomes the sole Annuitant and sole Owner of the Contract. <p>Continuation Option</p>	<p>The beneficiary may receive any remaining Accumulated Value of the base annuity contract in a lump sum if he/she chooses not to continue the base annuity contract or take rider income. <p>Wellness For Life[®]</p>	<p>LifetimePay Plus offers exclusive wellness resources from Mayo Clinic Health Solutions that include:</p> <ul style="list-style-type: none"> • Ask Mayo Clinic 24-hour Nurse Line • Quarterly Mayo Clinic Newsletter

Please note there is a charge for this rider and it may not be available in all states. The Income Account Value is not the same as the Accumulated Value of the base annuity contract, and it is never available for lump sum withdrawal; it is only used for calculating the income amount available under rider provisions. Rider withdrawals stop the accumulation in the Income Account Value.
